

## Keep track of your sample data

**Buy a BradyPrinter M611 and get 3 rolls of qualified label materials or a tablet for free!**

Your sample is only as valuable as the data behind it. Keep data integrity with high-performance identification — stay connected to your data with the BradyPrinter M611 Mobile Label Printer and Brady Workstation Mobile or Desktop Software.

Through data automation, you can seamlessly format your data and put it on your label. It's all in the powerful Brady Workstation Express Labels Mobile App that **connects your data to label templates so that you keep your data integrity without any extra work**. When it's time to start creating labels, simply pull from your data file and get to work.

With the Express Labels App, you can use your tablet or mobile device to access your templates via cloud or email from any location in your lab. Use the device's camera to get data from preexisting barcode labels. Need to make a change? No problem — this app lets you edit text, change layouts or create labels from scratch. When you've got your labels exactly how you need them, print on the BradyPrinter M611 via Bluetooth or Wi-Fi. With this powerful printer and software combination, you also get:

- **High-performance printing** in a small footprint when space is limited
- **Long-lasting identification** with materials designed to survive your harsh lab conditions
- **Easy-to-use templates** for common lab labels

### Fisher Scientific Promo

- Get 3 rolls of qualified label materials or an 8 in. 16 GB Samsung Galaxy tablet\* for free when you purchase a BradyPrinter M611 Mobile Label Printer from October 1, 2019 through June 30, 2020.
- To redeem, contact Bryan Fleischmann at 414-393-5374 or [bryan\\_fleishmann@bradycorp.com](mailto:bryan_fleishmann@bradycorp.com)

*\* Tablet redemptions will occur at the end of each month.*

## Printer and software solution

### BradyPrinter M611 Mobile Label Printer

Get the complete print-from-everywhere solution. Pair the BradyPrinter M611 Mobile Label Printer with Brady Workstation software and high-performance laboratory label materials.

Catalog #	Description
M611-AM-BT-W	BradyPrinter M611 Bluetooth/ Wi-Fi AC*

\* Printer ships with AC adapter / battery charger, USB 2.0 cable, utility strap, PTL-97-488 label material, M61-R4310 ribbon and USB flash drive with product information.

### Brady Workstation Express Labels Mobile App

The Brady Workstation Express Labels Mobile App makes mobile printing convenient and simple. This intuitively-designed software integrates touchscreen technology for fast and easy label creation. Resize labels using touch and type naturally using the native keyboard. To make label creation even more convenient, the app features auto-save capabilities, tools to help you easily enter data onto your label and easy-to-use editing tools to keep labeling projects moving smoothly.

### Brady Workstation Laboratory Identification Suite

Ensure labels for all your lab samples and equipment are crisp, clear and contain all necessary information. Easily design and create labels for your cryo vials, centrifuge tubes, bottles, conicals, slides and other samples in your laboratory on this desktop software.

## Laboratory materials

### Cryo vials

- **B-490 FreezerBondz™ polyester** for flat frozen surfaces. Adheres to frozen tubes and vials when wrapped around itself by at least 1/8 inch. Withstands liquid nitrogen (-196° C), freezer (-80° C), hot water bath (100° C) and autoclaves (121° C).
- **B-492 FreezerBondz™ polyester** for frosted / frozen or room temperature vials, tubes and canes. Superior chemical and abrasion resistance. Withstands liquid nitrogen (-196° C) and freezer (-80° C).

### Slides

- **B-481 Stainerbondz™ polyester** for extreme chemical resistance and performance in slide staining processes. Superior chemical and abrasion resistance. Withstands ethanol, xylene, H&E Stains, freezer (-80° C) and autoclave (121° C).
- **B-488 white polyester** with moderate chemical resistance for short-term exposure to xylene, DMSO and ethanol. Withstands freezer (-80° C) and autoclaves (121° C).

### Tube and glass vials

Withstands liquid nitrogen (-196° C), freezer (-80° C), hot water bath (100° C) and autoclaves (121° C)

- **B-461 ultra-thin polyester** with a clear tail that protects print and allows liquid levels to be seen.
- **B-7425 economic polypropylene** with moderate chemical resistance, ideal for labeling dry, room temperature specimen containers.

### Dishware / bottles

- **B-499 nylon cloth with permanent adhesive** for easy handling and conformability. Withstands liquid nitrogen (-196° C), freezer (-80° C) and autoclaves (121° C).
- **B-403 paper** completely dissolves in warm water within 30 seconds, leaving no adhesive residue behind.

### Color labeling

Withstands liquid nitrogen (-196° C), freezer (-80° C) and hot water bath (100° C)

- **B-494 color polyester** for quick differentiation between samples. Withstands the harshest lab environments including liquid nitrogen, a variety of chemicals and more.

### General purpose

Withstands ambient temperatures

- **B-595 aggressive adhesive vinyl** for drawers, shelves, cabinets and general lab labeling. Available in various colors.
- **B-498 repositionable vinyl cloth** label for re-identification of post process tissue cassettes or general lab applications. Can be applied directly onto the cassettes or on top of a previous label.
