

# Trade up your thermal cycler now and save

Upgrade your Applied Biosystems thermal cycler, receive plastics at no charge, and get significant savings\*

Trade up any of the following Applied Biosystems™ thermal cyclers from August 15 to December 31, 2019, and experience the difference while you save. We will include a full-size box of Applied Biosystems™ plastics and seals at no additional cost.

Thermal cyclers eligible for trade-in include:

- Applied Biosystems™ 2720 Thermal Cycler
- Applied Biosystems™ 9700 Thermal Cycler
- Applied Biosystems™ MiniAmp™ Thermal Cycler
- Applied Biosystems™ MiniAmp™ Plus Thermal Cycler
- Applied Biosystems™ SimpliAmp™ Thermal Cycler
- Applied Biosystems™ Veriti™ Thermal Cycler

## Ever wonder what Thermo Fisher Scientific does with your traded-in instruments?

We often partner with charitable organizations such as Seeding Labs to donate instruments and consumables. Together, we can help talented scientists in developing countries conduct life-changing research.

Select the thermal cycler that best suits your needs.

\* This promotion is open to customers in the US (excluding Puerto Rico) and Canada. Suppliers of life science products are not eligible to participate in this promotion. To qualify for the trade-up discount, customers must purchase a new Applied Biosystems thermal cycler and plastics bundle that is of a higher value than the Applied Biosystems instrument that is being traded in. Customer must request a trade-in at the time the order for the new instrument is placed. Trade-in instruments must be returned to Life Technologies within 7 days following installation of the new instrument. Trade-in and purchased instruments must be submitted on a one-to-one, trade-to-purchase basis to be considered eligible for the program. Determination of eligibility is at the sole discretion of Life Technologies. Discount will apply to orders received by Life Technologies no later than December 31, 2019, or until promotional supplies are depleted, whichever comes first. Life Technologies will accept a maximum of 100 thermal cyclers for trade-in with this discount. Discount will apply to the list price in effect at the time the order is received by Life Technologies. Life Technologies will be responsible for shipping costs on the traded-in instrument. Where necessary, customer agrees to allow a field service representative to de-install the instrument from their facilities. Prior to return, customer will fully clean the trade-in unit and decontaminate it of radioactive, biological, toxic, and other dangerous or hazardous materials or substances and, if requested by Life Technologies, customer agrees to complete and return a Certificate of Decontamination to Life Technologies. Life Technologies may withdraw this promotion prior to December 31, 2019, at its sole discretion. Cannot be combined with other discounts or promotions. Offer void where prohibited, licensed, or restricted by federal, state, provincial, or local laws or regulation or agency/institutional policy. Other restrictions may apply.
